Q/A LOG

Date	Questions	Addendum Response
1/10/2024	Is the cable to be plenum-rated at all 4 schools?	yes call cable is to be plenum-rated at all 4 school.
1/10/2024	Do you have a Cisco Call Manager?	This question is beyond the scope of this project.
1/10/2024	Has a certain brand of intercom been chosen? -It was mentioned in the walk-through as requiring equipment and a cabinet but the prints implied it was going to be an IP speaker system. -If that intercom RFP is available, or you can highlight key requirements, it will be helpful.	The basis of design for the intercom system is a Valcom Classroom Connect IP based system. The Bid Group 3 for the intercom work will be issued with the overall construction package issued on 1/23/24 by Bulley & Andrews.
1/10/2024	Similarly, any further detail on the IP cameras will be helpful.	The camera drops are for future camera installation, there is not a specific model number at this time.
1/11/2024	Is conduit or surface mount raceway required for areas without a drop ceiling?	In open ceiling areas J-hooks or bridle rings are acceptable.

1/11/2024	Firestopping new wall and floor sleeves is required. Are we required to bring existing wall sleeves up to industry standards if we reuse them?	Yes
1/11/2024	Who is required to install the raceway required for the new Cat6 wall locations?	Any new raceway would need to be furnished and installed by the cabling installation contractor.
1/11/2024	Since this is a very aggressive schedule will the buildings be open Saturdays, Sundays and the July 4 th ?	That would need to be coordinated with Bulley & Andrews the Construction Manager. Assume Buildings will be open on Saturdays and as required on Sundays; However, Buildings will be closed on 4th of July and any other Federal Holiday.
1/11/2024	CIC is required to supply and install IP Paging System Components including IP Speakers, clocks, dual clocks, outdoor speakers, and outdoor strobes. Please provide a Specification for the IP Paging System.	At this time, the cabling installation contractor is only responsible for furnishing and installing the data cabling to support the paging system components. The paging system will be bid out under Bid Group 3 posted by Bulley & Andrews on 1/23/24.

This Addendum consists of TWO (2) written addendum pages, ZERO (0) sheets, for a total of TWO (2) page.
