5. NON-ACTION REPORTS

A. Recognition of Students ~ ILMEA All-State Chorus; District 58 Band and Orchestra Solo & Ensemble Contest Participants
   The Board formally recognized the students who were selected to participate in the Illinois Music Educators’ Association All-State Chorus, as well as the participants in the District 58 Band and Orchestra Solo & Ensemble Contest.

B. Recognition of Community Partners ~ Pierce Downer’s Heritage Alliance
   Ken Lerner of the Pierce Downer’s Heritage Alliance presented the Board with a donation to support the Little Sprouts program, which provides first graders with a science and nature curriculum in Lyman Woods in conjunction with the Park District.

C. "Spotlight on our Schools" – Strategic Plan Progress Report
   Community Relations Coordinator Megan Hewitt gave a brief overview of how to navigate strategic plan progress updates on the District website. She demonstrated the Strategic Plan Dashboard, the best place to access updates on strategic goals, and highlighted the Strategic Plan homepage that includes links to the Dashboard, as well as supporting documents and information.

Goal 1 - Focus on Learning chair Justin Sisul reported on the progress of the three major councils that have been working on Goal 1 objectives. The Curriculum Council has articulated a short-term trajectory for curriculum review and adoptions, stressing the importance of staff time and support necessary to implement those resources. The Professional Learning Council has explored different learning models and best practices, reviewed teacher
feedback on the Professional Learning Model for 2019-20, and expanded on the draft model, incorporating feedback from teachers and administrators. The Instructional Model Review Council has developed background on the current district organization and established the information needed to meet its objectives. This council also discussed research on grade-level configurations and their impact on student performance, achievement and development.

Goal 2 – Connecting the Community chair Jayne Yudzentis reported that working groups made up of over 70 people have been looking at improvement efforts in communication, collaboration and consistency. The focus of the work includes proactively and openly sharing information, improving engagement and outreach in decision-making, and promoting equity and consistency in the learning experience. Works in progress include the Strategic Plan Dashboard, a regular staff newsletter from central administration, video recording of Board meetings, a parent on-boarding web page, a communication toolkit, and discussions about updating and improving the usability of the District website. Expectations for administration, staff and board members for responding to communications have been drafted. Finally, the Resources Review Council has examined the definition of “equitable” and is working toward the development of a framework for deciding staffing allocations.

Goal 3 – Securing the Future chair Todd Drafall reported that the Facility Planning Council has met regularly since September and gave its first report to the Board in February on the visioning process and walk-through of buildings to document facility concerns. The next steps require architects from Wight & Co. to review the data collected, and develop facility concepts and costs of potential work.

7. REPORTS TO THE BOARD
   A. Superintendent
      Superintendent Kari Cremascoli reported that at the recent Institute Day, teachers focused on Next Generation Science Standards (NGSS) and began to learn about the new science resources that will be implemented next year. Registration for returning students with InfoSnap opens on April 9th. Families are encouraged to complete registration in a timely manner to help inform the District’s staffing decisions. Families will have the opportunity to select participation in the OKEEP program during upcoming Kindergarten Round Up days, which will also inform OKEEP staffing. Later on the agenda are Reduction-in-Force resolutions, which provide for the honorable dismissal of faculty and staff who have served the District well. As soon as enrollment numbers are updated, the District hopes to call them back. The Policy Committee recently reviewed the District’s open enrollment policy, revising this policy that governs intra-district transfers. The June Board meeting will be rescheduled to Wednesday, June 5th, so as not to conflict with 8th Grade Promotion ceremonies on June 10th. Upcoming events include the Middle School Festival of Music on March 13, the Legislative Breakfast hosted by the Legislative Committee on March 15, and the Reading Games on Saturday, March 16. Finally, families are encouraged to register for
Summer School and Extended School Year programs before Spring Break. Registration closes on April 12.

B. Monthly Business
The Board received business reports, the investment report, and revenue and expenditure summary reports for the month ending February 28, 2019. Assistant Superintendent for Business/CSBO Todd Drafall reported that expenses are running better than budgeted, while revenue is coming in as expected. A new report in the Board packet shows state revenue expected and received. State revenue is paid as a reimbursement of the prior year’s expenditures. Although state aid has been paid in a timely manner, other payments are paid as funds are available. Mr. Drafall noted several items on the agenda, including an annual transfer of funds from the Working Cash Fund to the Education Fund. That loan will be repaid when early tax receipts arrive in June. Also on the agenda is a contract for bus transportation from First Student. District 58, District 99 and Woodridge District 68 work as a cooperative with First Student. The contract reflects a 4.5% increase in costs due to increases in drivers’ salaries to remain competitive and retain staff, as well as the addition of a designated First Student staff member to manage issues related to this contract. Finally, Mr. Drafall noted that health care premiums are running about 6% behind last year.

C. Treasurer’s Report
There was nothing special to report in regard to the Treasurer’s Report.

D. Policy Committee
Member Harris reported on the February 19, 2019 Policy Committee meeting.

Member Doshi moved and Member Miller seconded the motion to approve for first reading the following draft policies and place them on the April Board agenda for final approval: #5103 – Students - School Attendance Areas, Student Assignment and Intra-District Transfers; and #5104 – Students – Nonpublic School Students. Member Harris noted that the revised policy #5103 provides for intra-district transfers only under “extraordinary circumstances,” rather than on a space-available basis. The revision also requires the annual reapplication for transfers, and states that there is no automatic transfer for siblings. The revisions to #5104 clarifies definitions and specifies the co-curricular activities a nonpublic school student may participate in.

VOICE VOTE Motion carried

Member Hughes moved and Member Miller seconded the motion to approve for first reading the deletion of the following policy as no longer necessary: #5102 – Students – School Attendance Areas. The content of this policy is now included in the revised policy #5103.

VOICE VOTE Motion carried
E. Legislative Committee
Member Doshi reported on the February 27, 2019 Legislative Committee meeting. The committee has been focused on preparations for the Legislative Breakfast. State Representatives Costa Howard and Stava-Murray, State Senators Glowiak and Curran, and a representative from U.S. Representative Bill Foster’s office are planning to attend. Student Council officers have been invited to introduce the legislators, and the committee has prepared a series of questions for the panel.

F. Financial Advisory Committee
Member Miller reported on the March 8, 2019 Financial Advisory Committee meeting. Among other issues, the committee recommends that the district switch from a standard audit to a comprehensive annual financial report (CAFR). A CAFR would provide enhanced audit reporting, additional transparency, and may positively influence the District’s bond rating. The committee also asked for additional reporting on health care expenses. At this point in the year, healthcare premiums are running about 6% behind expenses.

G. District Leadership Team
Member Sigale reported on the February 25, 2019 District Leadership Team meeting. She thanked the leaders of the core teams and all those whose work on committees and councils has furthered the strategic plan. The progress report provided to the DLT was made during the Spotlight presentation earlier in the meeting.

8. DISCUSSION
A. Board Meeting Audio and Video Recording
Board meetings have been video recorded and for the past three months. Director of Innovative Technology and Learning James Eichmiller reviewed the analytics. The Board agreed to continue video recording as it provides greater transparency and better usability.

9. RECEPTION OF VISITORS
Alison Rozell, Hillcrest and O'Neill parent, commented that Friday is a better day for early release. She stated she is concerned about the possibility of the loss of middle school instructional minutes, and wishes the roll out of the schedule change moved more slowly.

Theresa Johnson, Kingsley and O'Neill parent, stated that early release should be limited to once or twice a month.

Jen Haselhorst, Hillcrest parent, spoke in support of the professional learning plan.
Tracy Weiner, Henry Puffer parent, commented that professional learning time is integral to the successful implementation of new curricula.

Kelly Henrikson, Pierce Downer parent, advocated for 40-minute art classes three times a month instead of 30 minutes weekly. She also stated that parents do not read emails and attend meetings, and are not sufficiently informed regarding the early release plan.

Emily Hanus, Pierce Downer parent, thanked staff and administration for the recent curricular updates and the professional learning plan. She said that it is unrealistic to expect staff to update three new curriculum resources without adding professional learning time. Other districts have already implemented similar models.

Andraea Staley, Belle Aire parent, expressed appreciation for more communication from the District, especially regarding Highland kindergarten enrollment. She also spoke in favor of the professional learning model, despite the challenges for families.

Jennifer Norgaard, Highland parent, stated that as a high school teacher, she participates in weekly professional learning under a late start model and finds it valuable.
